End User Licence Agreement (EULA)

This End User Licence Agreement **(“EULA” or “Agreement”)** is a legal agreement between **OnChain Education** (**CN 9349422**)(**“Company”, “we”, “us”, or “our”**) and you either as an individual, a single corporation, or other single legal entity that purchases the software **(“Licensee” or “Institution”),** and is effective from the date of the Agreement, as defined below **(“Effective Date”)**

Purpose and Scope

The Licensee’s access to the Software is provided through a licence agreement between OnChain Education and your university or educational institution. By accessing or using the OnChain Education platform, including its software, smart-contract interfaces, dashboards, APIs, simulations, and educational tools (collectively, the “Software”), you agree to be bound by this Agreement. If you do not agree, you must not use the Software.

Definitions

“EULA” or “Agreement” means this End User Licence Agreement.

“OnChain”, “Company”, “we”, “us”, and “our” means OnChain Education (CN 9349422)

"Licensee" or “Institution” means you either as an individual, a single corporation, or other single legal entity that purchases the software.

"Software" means the OnChain Education Platform

"Platform Wallets" means the Wallets created within the OnChain Education Platform

[1] Grant of Licence

Subject to your compliance with this Agreement, OnChain Education grants you a limited, non-exclusive, non-transferable, revocable licence to access and use the Software solely for educational, instructional, or academic purposes. No ownership rights are granted.

[2] Platform-Restricted Wallets & Blockchain Features

The Software includes blockchain-based educational features that utilise platform-generated wallets created and managed entirely within the OnChain Education platform ("Platform Wallets").

You acknowledge and agree that:

i) Platform Wallets are created solely for educational purposes
ii) Platform Wallets are restricted to use within the Software
iii) Platform Wallets cannot send, withdraw, or transfer assets outside the platform
iv) Platform Wallets are not personal wallets and are not user-custodied
v) You do not control or have access to private keys
vi) Any tokens, balances, or assets shown are sandboxed, or non-transferable, unless explicitly stated otherwise
vii) Displayed balances have no real-world monetary value

The Software does not provide financial services, payment services, investment services, or custody services.

[3] User Accounts & Platform Wallet Management

You may be required to authenticate through your Institution. Upon account creation, one or more Platform Wallets may be generated for you.

You understand and agree that:

i) Platform Wallets exist only within the educational environment
ii) You cannot export, connect, or use Platform Wallets outside the Software
iii) OnChain Education may reset, suspend, or delete Platform Wallets at any time for educational, security, or administrative reasons

iv) Loss of access to the Software may result in loss of access to Platform Wallets and associated balances

[4] Acceptable Use

You agree not to:

i) Attempt to extract private keys or wallet credentials
ii) Attempt to bypass platform restrictions
iii) Attempt to connect Platform Wallets to external applications or networks
iv) Exploit or abuse smart contracts or simulations
v) Reverse engineer, copy, or misuse platform logic
vi) Use the Software for unlawful, deceptive, or commercial purposes
vii) Interfere with the Software, blockchain infrastructure, or security mechanisms

Any violation may result in immediate suspension or termination of access.

[5] Intellectual Property

All Software, interfaces, simulations, educational content, visuals, and documentation are owned by OnChain Education or its licensors.

Open-source components remain subject to their respective licences.

This Agreement does not transfer any intellectual property rights to you.

[6] User Content & Activity Data

If you submit content or generate activity within the Software:

i) You retain ownership of your content
ii) You grant OnChain Education a limited licence to store, process, and display such content for:
    a. Operating the Software
    b. Educational analytics
    c. Reporting progress to your Institution

Some blockchain activity data may be visible within the platform by design.

[7] Data & Privacy

OnChain Education collects and processes personal and technical data solely for the purpose of providing, operating, researching, and improving the Software in an educational context.

We may collect and process:

i) Usage and interaction data
ii) Academic progress and assessment data
iii) Platform wallet identifiers
iv) Transaction metadata
v) Cryptographic key material associated with Platform Wallets

Private keys associated with Platform Wallets are:

i) Generated and stored securely by OnChain Education
ii) Managed solely by the platform for educational operation
iii) Not accessible to users
iv) Not exportable or usable outside the Software

Private keys are stored only to enable platform-restricted blockchain interactions and controlled on-chain interactions. They are not used for external transactions, payments, or financial activity.

Data is used only for:

i) Operating and maintaining the Software
ii) Enabling educational blockchain functionality
iii) Educational analytics and reporting to your Institution
iv) Security, auditing, and system integrity

We do not sell personal data.

Data is retained only for as long as necessary to provide the Software, support academic requirements, or comply with legal obligations.

[8] Availability & Changes

We do not guarantee uninterrupted availability of the Software.

We may:

i) Modify or discontinue features
ii) Update simulations or smart-contract logic
iii) Perform maintenance or security updates
iv) Update this Agreement

The Software may rely on third-party services or infrastructure providers (such as hosting, content delivery, or cloud services). We are not responsible for interruptions, delays, or errors caused by these third-party services.

We will notify you of material changes via the platform or email where feasible

Continued use of the Software constitutes acceptance of any updates and reliance on such services.

[9] Termination

Your access may be suspended or terminated if:

i) You breach this Agreement
ii) Your Institution's licence ends
iii) Required for legal, security, or operational reasons

Upon termination, all licences granted under this Agreement immediately end.

[10] Disclaimer of Warranties

The Software is provided "as is" and "as available".

To the maximum extent permitted by law, we disclaim all warranties, including implied warranties of merchantability, fitness for a particular purpose, and non-infringement.

We do not guarantee:

i) Accuracy of blockchain transactions
ii) Availability of networks
iii) Educational or academic outcomes

[11] Limitation of Liability

To the maximum extent permitted by law, OnChain Education is not liable for:

i) Loss of access to Platform Wallets
ii) Loss of simulated tokens or balances
iii) Blockchain or simulation errors
iv) Academic or assessment outcomes
v) Indirect or consequential damages

Total liability shall not exceed the amount paid by your Institution for access to the Software.

[12] Open License Content Repurposing

OnChain Education may use data generated through use of the Software for research, academic, and educational improvement purposes.

Where data is used for research:

i) Unless explicit informed consent has been obtained by OnChain Education it will be anonymised and or aggregated so that individual users are unidentifiable.

ii) Your information may be used in collaboration with academic institutions or researchers and findings may be published in academic journals, conference materials, case studies, or other educational publications.

[13] Governing Law

This Agreement is governed by the laws of New Zealand.
